64bit.Ocean Girl Makeover: What Bella Is Wearing On Her First Voyage  
Ocean Girl is having a special day and we are going to be like Bella Swan and put together an outfit for her to wear on her Voyage to a special place.

Today we are going to recreate the look she wears in the movie The Twilight Saga: Eclipse. Let's see how close we can get! The Look The pants are from Simple Gal - they have a flair look to them and I like the cut of the waistband - you know me I like to tweak things a bit sometimes. As for the shirt it is actually one of my favourite Summer tees from all time - I have written about it before. I have seen similar ones though from Tesco if I am honest, which I don't love that much. I found a similar style that I like a lot from Topshop (and the price tag looks much more affordable than the Tesco item) so I am going to go with that one! I know I have showed the pants already, and the shirt, but I want to talk a little bit about the shoes. I don't know what shoe this is from, but I want to say that they are the ones from Kenzo and they are really on trend. They have a heel to them, and I really love this style of shoe, because you can get a lot of colours from the toe. The Look I don't know about you, but this outfit really makes me feel like I am on vacation. I feel like I am walking the beach in Victoria - on the water! We all know Ocean Girl is all about traveling the world in one day
