

Seat Media System 2.2 Map Update EXCLUSIVE

In this 86.5 SSP-Ad Exchange 2.2 update, we strive to enrich your system with those useful features and functionalities that enhance the overall performance effectiveness. As well, we've been heavily focusing on privacy and safety-related areas so that your media trading environment could generate even higher revenues and ROI. All major credit cards and PayPal are accepted. As you know, we are always ahead of the game and always first to market. We have just released the 86.5 SSP-Ad Exchange 2.2 update that is not available for the 2018 Navigator (see also in the process of being the maps updated). The big news is, the OPS limits for 86.5 SSP has been increased from 1,500,000 to 3,000,000, and from 300,000 to 1,000,000 for 86.5 SSP. This effectively allows us to service a greater number of customers with the same resources. Hence, this update addresses the needs of the customers. You no longer need to set the OPS limit by hand. To find the SSP-Ad Exchange map update, enter the model and year of your Lincoln vehicle into the menu at the top of the page. Each product page details the map coverage area, highlights new road data, and provides clear installation instructions. Additional support is available via the Help Center. All major credit cards and PayPal are accepted. Now when your advertisement campaign is designed, the Creative manager will allow for the integration of interactive live streams and multimedia. This entire system is ideal for entertainment marketing. It can be used to send live media to Facebook and YouTube.
